CARTE POSTALE

Laxey Wheel, near Douglas. Descending to Laxey valley we have a beautiful view of the bay with its pretty beach and the little harbour. When the whole of the glen comes in sight, the great wheel is a prominent feature. It belongs to a mining company and was designed in 1854 to keep the mines clear of water. It is 72 feet in diameter, 226 feet in circumference, and 6 feet broad.
